Highlights of Our Top Contracts!

- **ICIDS-V Contract Expertise** – Since 2016, Minuteman Security Solutions has provided installation, upgrades, and maintenance for ICIDS, Access Control, and Video Surveillance at high-security DoD sites, ensuring cybersecurity compliance, network integrity, and mission readiness worldwide.
- **Minuteman Security Solutions** secured a position on the ESS VII contract with the U.S. Army Corps of Engineers (through novation from Phoenix Integrated Technologies) to provide electronic security, intrusion detection, access control, command-and-control systems, and surveillance for U.S. Army facilities worldwide through September 25, 2029, enhancing force protection, mission readiness, and national security.
- **Redstone Arsenal ICIDS-V & CCTV Support** – Contract for maintenance, repair, installation, and cybersecurity compliance across 301 security zones, including SCIFs, SAP facilities, and AA&E storage.

Our Capabilities

- ✓ **Integrated Security Solutions** – We deploy intrusion detection, access control, and video surveillance for DoD, SCIFs, and high-security facilities.
- ✓ **ICIDS & ESS VII Expertise** – We execute timely installations, upgrades, and maintenance under major government contracts.
- ✓ **DoD Infrastructure Support** – We provide engineering, cybersecurity compliance, and system evaluations for mission readiness.
- ✓ **Advanced Security Technologies** – We implement fire/life safety, mass notification, and chemical/biological detection systems.
- ✓ **Commitment to Safety** – We ensure OSHA 30-certified personnel and strict adherence to government security standards

Minuteman Security Solutions remains a trusted partner in securing high-risk environments worldwide, ensuring resilient, innovative, and compliant security infrastructure for the U.S. Government and its allies.
